

Andriana Konstantinidi

Department of Cellular and Molecular Medicine
Faculty of Health and Medical Science
University of Copenhagen
Blegdamsvej 3B
2200 Copenhagen N
Denmark

Tel: +4671647707

E-mail: andriana@sund.ku.dk

Nationality: Greek

Current position: PhD student at University of Copenhagen

Education:

2014 – 2017 Master of Science (M.Sc.), Medicinal Chemistry, Departments of Chemistry, Pharmacy and Medicine, University of Patras, Greece

2009 – 2014 Bachelor of Science (B.Sc.), Department of Chemistry, University of Patras, Greece

Work experience:

January 2015-June 2015, Teaching assistant in the course: Experimental Organic Chemistry I

March 2015 – July 2015, Project Assistant – ISR_3148: Novel combinatorial approach for the immunotherapy of Multiple Sclerosis [NMSTREAT], University of Patras, Greece

March 2013 – June 2013, Internship – Peptide Synthesis and UPLC-MS/MS identification at EL DRUG S.A, Patras, Greece

Research interest: Molecular and Cellular Biology, Biochemistry, Organic Chemistry, Glycoproteomics, Glycobiology

Hobbies: Art, Music, Books, Cooking, Nature
